WHAT IS TEAM PERU?

Team Peru is a service learning initiative led by students at Copenhagen International School and dedicated to improving the lives of abused, abandoned and special needs children at Mama Cocha's Children's Home in northern Peru.

For the past eight years, CIS students have committed their time and effort—through birthday parties, an annual fun run, and other community volunteer events—to fund operations at Mama Cocha.

MAMA COCHA CHILDREN'S HOME

In 2008, Team Peru provided funding and support to build and establish Mama Cocha Children's Home in Los Organos in northern Peru. Today, working in partnership with the UK-based charity, Kiya Survivors (www.kiyasurvivors.org), CIS students continue to support this safe haven for abused, abandoned and special needs children.

THE TEAM PERU DONATION PARTNERSHIP

Staff wages, maintenance costs, food and other expenses for the centre cost 10,000 DKK each month. The objective of the Team Peru Donation Partnership is to add to CIS students' efforts by provide sustainable long-term capital to support Mama Cocha's operations. Monthly and one-time donations can make a real difference in the lives of Mama Cocha's residents as well as those of children in surrounding communities who benefit from the centre's outreach programme.

JOSE ANTONIO spent most of his life lying on the floor of a small, dark shack. He suffers from cerebral palsy and had never before received any medical attention. He now lives at Mama Cocha and receives the attention he both needs and deserves.

MARIA was found by Kiya Survivors at age 21, suffering severe neglect after being locked away for years. Due to stress and trauma, she had pulled out her hair and didn't recognize her reflection in a mirror. At Mama Cocha she has received food, shelter, education and therapy—and love and dignity.
